

FIBER OPTIC CORD REEL

The Konnectronix fiber cord reel is up to the challenge, with the ability to deliver up to a 12 channel, 4k or 8k format solution. Our cord reel is robust, featuring a liquid-tight, flexible conduit for unparalleled stress relief and protection during fiber cable retraction. Less expensive than a traditional fiber spinner solution, experience all of the benefits of a true, continuous fiber signal with our patented fiber cord reel.

Environmental

Indoor/Outdoor Use

Operating Temperature: -20°C to 85°C

Material

Cable: Flat Fiber in Liquid-Tight, Flexible Conduit
